# An aesthetic solution for a perfect indoor environment

Offices usually become like a second home to employees who spend at least a quarter of their day at work. Therefore, it is essential to use an air distribution solution that keeps them comfortable, healthy and efficient. Fabric-based solutions can deliver these qualities in large open offices or closed-up, low-ceiling ones.

## **EVEN AIR DISTRIBUTION**

- Distributes air evenly throughout workspaces

## **LONG LIFESPAN**

- Proven durability for decades to come

## **VIRTUALLY NOISELESS**

- Does not create additional unpleasant sounds

## **AESTHETIC SOLUTION**

- Our fabric-based solutions can be printed in any color and integrated into a wholesome design
