

FabricAir® Combi Eco 60

FabricAir® Combi Eco 60 is a permeable, self-extinguishing, Oeko-Tex 100 certified fabric made from dope dyed yarn. It is a strong and durable fabric; machine washable and retains its dimensions after washing (max. 0,5% shrinkage). The permeability is uniform (max. 5% variation) and achieved by thermo-fixation. The color is deeply embedded within the yarn, making it more resistant to fading, washing and UV exposure. The production of this fabric is more sustainable, because of lower chemical consumption and oxygen demand.

This fabric is rated for cleanrooms and associated controlled environments: Cleanliness Class 3 (ISO 14644-1 Table 1).

It comes with a 10-year warranty and is supplied in 5 standard colors, with the option of printed custom colors and custom patterns.
